After more than half a century, we are still a Swedish-owned family business guided by the principles laid down by our founder Nils Jensen. We still supply professional users with electronic products in a fast, reliable and simple way.

ELFA offers you a wide selection of electronic products as well as the latest news. Our co-operation with more than 450 carefully selected manufacturers all over the world ensures that you receive the very best

products in a fast and efficient way. We keep the entire assortment of more than 55,000 items in stock, ready for immediate delivery. By selecting ELFA as your supplier, you can rest assured that you get the right products at the right time.

We have chosen to co-operate with a specially selected network of resellers in order to provide our export markets with better service. They have in-depth knowledge of customers in their respective countries and have been entrusted by ELFA to represent us because of their high standards and professional service. See the ELFA Reseller Page for the listing.
