

THE KABA GROUP

«TOTAL ACCESS» STRATEGY

With some 5,900 employees in its Access Systems, Door Systems, Key and Ident Systems, and Enterprise Data Collection Divisions, the Kaba Group is one of the world's leading players in the security industry. Driven by its unique «Total Access» strategy, Kaba provides holistic solutions that address the customer's needs for security, organization, and convenience at all physical entrances and exits as well as for identification and enterprise data collection functionality.

THE GROUP'S PRODUCT LINE INCLUDES:

MECHANICAL AND MECHATRONIC ACCESS CONTROL

Includes all mechanical, mechatronic, and electronic locking cylinders, master key systems and locks - including prison locks.

INTEGRATED ELECTRONIC ACCESS CONTROL SOLUTIONS

Offers state-of-the-art Access and Time Management Systems (SAP-certified available), if required also as turn-key solution.

DATA COLLECTION

Under the brand Name Kaba Benzing, solutions - based on state-of-the-art hardware and software - for collecting enterprise data and time & attendance recording are provided. SAP-certified.

LODGING SYSTEMS

Serves the lodging industry with a wide range of electronic access control solutions that meet the requirements of virtually every hospitality establishment.

DOOR SYSTEMS

Offers a comprehensive line of security doors and gates, pedestrian flow control systems, flexible partition walls, and convenient automatic doors and gates.

IDENTIFICATION SYSTEMS "LEGIC"

LEGIC stands for technological leadership in the RFID contactless technology in smart card systems, operating on 13.56 MHz. LEGIC offers "one single identification credential for all applications".

SAFE LOCKS

Kaba is the globally leading supplier of high security safe locks. Product range also includes mechanical and combination locks as well as locks for ATMs.

KEY SYSTEMS

Kaba - with the two major brands in this sector - Silca and Iloco, is the world market leader in replacement keys and in manufacturing of key blanks, key coding machines, and transponder keys.

● Today, thanks to its technological leadership and its successful expansion strategy, the Group is superbly positioned in over 60 countries to pursue its growth objectives.
