

Karlshamns speciality fats for the Food and Chocolate & Confectionery Industry

Karlshamns is one of the world's leading manufacturers of high value-added speciality vegetable fats. Karlshamns delivers speciality fats all over the world and is the market leader in the Nordic countries, Central and Eastern Europe with focus on chocolate and premium filling fats and speciality fats for the dairy and food industry. Organic Oils and powder fats are edge products in the portfolio.

The Group is organised into three business areas - Oils & Fats, Technical Products and Feed Materials. All three base their operations on exploiting the company's knowledge of the fat molecule.

Karlshamns performs extensive research and development, focusing in particular on fat properties in customer products and on process technology. By developing its products in close co-operation with customers, Karlshamns can supply tailor-made solutions while building up its knowledge about customer applications. At the Karlshamns Oils & Fats Academy, a school exclusively for customers, Karlshamns technologists continually teach advanced knowledge about every conceivable aspect of oils and fats.
